ALL ARE WELCOME!

FREE ADMISSION.

Jeff Lobb's life has been one of diversity and adventure. He grew up in a rural small town in southwestern Ontario. He encountered the Lord at 12 and has had a fruitful journey filled with many obstacles along the way. He has lived in 3 countries and traveled to more than 30. He is passionate about making a difference whether he's in Regina, or on the other side of the world.

Jeff's life drastically changed when he survived a motorcycle accident. This occurred with a transport truck in the summer of 2013. His injuries included two broken vertebrae in his neck and a severely fractured leg. Although he spent 10 months in physiotherapy, he didn't take a day off work during his injuries. He bounced back better than ever by God's grace and continues to see his dreams come to pass. Jeff's biggest passion is teaching and encouraging people how to experience their faith in everyday living. He is a high school teacher by day and does mission work during his holidays.
